Black History Month
Celebrate Black History Month with a visit to Southampton History Museum to learn about and have a special look at Pyrrhus Concer, one of the most important historical figures to Southampton. From slavery to the history of the whaling industry to international diplomacy in the 19th century to just the story of one local man's life. Both big and small, Pyrrhus' life story teaches so much, and now you can see just how close his life was to the Village of Southampton.
